

INDIANA IS WILD OVER ROOSEVELT

He Is Gaining Many Votes for Ticket in That State.

STIRS UP THE PEOPLE

Workingmen Appear in Great Numbers at Meetings Teddy Addresses

BRYAN INVADES OHIO TODAY

Indianapolis, Ind., Oct. 12.—Gov. Roosevelt left this morning for a continuation of his tour of Indiana. His scheduled stops being at Plainfield, Green Castle, Brazil, Terre Haute, Linton, Vincennes, Princeton and Evansville where a night meeting is to be held. Several of these are coal towns where Bryan and Debs are supposed to be strong. Hundreds of people slept in the Union Station last night, the railroads being unable to transport them to their homes after the Roosevelt demonstration.

Making Hundreds of Votes. Governor Roosevelt is quickening the political pulse of Indiana by his plain, logical, and straightforward speeches. All day today he has been the central attraction of the towns and cities in which he has spoken.

Special trains have carried thousands in from the surrounding country, and street fairs and circuses have been deserted by their patrons. Republican politicians say he is making hundreds of votes and that the republican majority will be increased fifty per cent.

Wins Votes in Every Town. There is no question that Roosevelt is winning votes among the industrial classes. Everywhere the workingmen seemed to desire that Gov. Roosevelt should see them at their best, so they appeared in holiday attire. In the entire day there was not an audience of less than 5,000 to greet the Governor.

Bryan Invades Ohio. Findlay, O., Oct. 12.—Bryan entered the president's native state early this morning, making his first speech at East Toledo to five hundred workingmen to whom he was introduced by Mayor Jones at 7 o'clock. Half an hour later the candidate talked to eighteen hundred people at Bowling Green, where it was noticed for the first time that his voice was getting husky. Three thousand comprised the audience here.

TRIP TO MADISON TO HEAR HANNA

Janesville Will Send a Large Delegation of Republicans—Special Train Will Be Run.

The Young Men's Republican Club held an enthusiastic meeting last evening at the office of Jesse Earle. The principal business transacted was making arrangements for the trip to Madison, Monday to hear Mark Hanna. The Imperial band has been engaged to accompany the delegation and arrangements were made to send a representative to Madison to secure accommodations for the delegation so they could have good places from which to hear the speaking.

A special train will be run on the C. & N. W. R. R. and will leave Janesville at 6:45 at night and returning leave Madison at 10:45. It is expected that a much larger delegation will attend this rally than went to Belvidere.

RASSIEUR NAMES HIS STAFF.

THE BAPTISTS AT BEAVER DAM.

Session of the State Convention Closed Last Night.

Beaver Dam, Wis., Oct. 12.—The session of the Wisconsin Baptist state convention has been a most enthusiastic gathering. The addresses by Prof. H. J. Vosburg on "Wayland" last night is much appreciated, and the sermon by the Rev. D. T. Denman of Milwaukee was listened to with great interest by the large audience.

Yesterday's session opened with a devotional at 9 o'clock, after which reports, resolutions and obituaries were submitted.

"The Four-Fold purpose of the Bible School" was discussed in four parts, "Conversion, Regeneration," by the Rev. W. A. Spinney of Milwaukee; "Baptism," by the Rev. Howland Hanson of Beloit; "Church Membership," by the Rev. E. M. Stephenson of Chicago; "Teaching," by Judge B. F. Dunwiddie, Janesville. The annual sermon was preached by the Rev. S. E. Price of Milwaukee.

The annual session of the Baptist Pastors' union began last evening. Dr. J. P. Abbott of Oshkosh is the president. The introductory sermon was preached by Dr. T. W. Powell of Hudson.

ATTACK ON MORALS OF 'VARSITY BOYS'

CENSURE FOR THE WISCONSIN STATE UNIVERSITY.

Students of the Institution Termed Drunken, Disorderly, and Unfit for Association with Clergymen's Sons—College an "Outrage on Republican Form of Government."

Waukesha, Wis., Oct. 12.—A bitter attack was made upon the Wisconsin State University at yesterday's session of the State Presbyterian Synod. The institution was denounced as being irreligious in strong terms, and alleged practices of the students were recorded, shocking the delegates beyond measure, they declared. There were a number, though small, of the alumni of the university present, and they defended the institution quite as vigorously as it was assailed.

The attack was made in discussing an invitation presented by the trustees of Lawrence University and Ripon college, wherein the synod was requested to appoint a committee of three members to meet with the trustees of the two colleges to discuss the question of education.

Judge Eastman's Charge. After a few speeches commendatory of the various colleges, Judge Eastman arose. He said he thought that the synod should not endorse a college on denominational merits; endorsement should depend on whether the college is Christian in spirit or not.

This sentiment was warmly applauded by the majority of clergymen, and then Judge Eastman warmed to his subject. He said that any denominational school is far to be preferred to the state university which he declared is not Christian.

"There are many drunken and disorderly students there," he said, "and such a shameful exhibition as that of last winter of a body of students who broke up the performance of the opera company in the Fuller Opera House ought to convince any right thinking clergyman that that is no place for his son."

"I myself," continued the speaker, "was in the house that night, and I know what I am talking about. There are students at the university who are drunken and disorderly and not fit companions for clergymen's sons."

The Rev. Dr. W. D. Thomas, the president of Gale college, followed Judge Eastman. He declared that the university was an outrage upon a republican form of government. He did not believe in taxing people to provide higher education such as afforded by the State University.

Elder Moseley of Madison county defended the university. He objected to the reflections cast upon the students. Judge Hand, graduate of the State University, also defended it.

PFISTER TROPHY IS AWARDED.

Neillsville Company Win Prize by Superior Marksmanship.

Madison, Wis., Oct. 12.—Adj. Gen. Boardman today issued official notice that Co. A of the Third regiment, located at Neillsville, has been awarded the Pfister trophy for best combined record at the annual armory inspection, and rifle practice during the encampment. The trophy is awarded annually, and was presented to the National guard by Charles F. Pfister of Milwaukee. It is a large coat of arms of Wisconsin, made from hammered iron, at a cost of \$200.

S. B. Heddles has purchased the piece of residence property at the corner of Washington street and Mineral Point avenue from A. Kolle and expects to erect a handsome residence on it in the near future.

Rev. Homer L. Urdell of Baraboo, Wis., will occupy the pulpit of All Soul's church, Sunday morning.

NEWS FROM CHINA NOT ENCOURAGING

Three of the Powers Stand for Peace While Two Are for War.

MARCH ON PAO TING FU

Means That the Kaiser Will Keep Stirring Up Ill Feeling in China.

PERILOUS MOVE OF INVASION

Washington, Oct. 12.—Three of the great powers stand for peace in China and two are making war.

Today the United States' note approving the substance of the French suggestion was made public, and proved to be wholly in line with the forecast of it given recently in these dispatches.

A Serious Division.

Today also comes news that the expedition to Pao-Ting-Fu is about to start under orders from Field Marshal von Waldersee, with British co-operation. So far as is known, neither Russia nor Japan is participating in this attack, which amounts to nothing more or less in Chinese eyes, than invasion of their country and war upon them.

Today's news, therefore, makes a serious division of the powers, though it is hoped that the divergence may not be permanent.

March on Pao-Ting-Fu.

In the opinion of members of the Washington government the expedition to Pao Ting Fu is not only needless, but positively mischievous. If any really wholesome purpose is to be by it that purpose is not understood here. On the other hand, it is feared that it will greatly prolong the present unsatisfactory condition of things and perhaps actual negotiations. The worst of it is that certain powers seem to be willing to play a hand for the conscious purpose of making trouble and causing delay.

Kaiser Wants Military Glory.

German anxiety to have an opportunity to do something with the kaiser's army, which did not arrive in China in time to take part in the relief of Peking, is at the bottom of the present movement. Great Britain's earnest desire to keep up friendly relations with the kaiser, and the inevitable British jealousy of Russian influence in China, is the generally ascribed motive for the co-operation of the British troops.

The United States will continue to use its utmost influence toward bringing about actual peace negotiations. That highly desirable stage of the episode may have to wait, though, till German desire for "military glory" is satisfied.

CELEBRATE THEIR GOLDEN WEDDING

Mr. and Mrs. William Luck Entertain a Large Number of Friends at Their Ruger Ave. Home.

Mr and Mrs. Wm. Luck celebrated their golden wedding last evening. Fifty years of happy married life have passed over their heads and their grand-children had planned to make the event one to be long remembered by the old couple.

Last evening a party composed of their children and grand-children and a number of friends surprised the couple at their home on Ruger avenue. They came prepared to spend an evening of pleasure and brought an orchestra and baskets filled with good things to eat.

Mr. and Mrs. Luck welcomed the party and made every effort to have them pass an enjoyable evening. An elaborate supper was served at ten o'clock and was heartily enjoyed by all present. The evening was spent in card playing and dancing. One of the happy events of the evening was a toast delivered by Miss Lucy Aiken.

Mr. and Mrs. Luck were the recipients of several handsome gold presents in commemoration of the event. The party broke up at a late hour and the guests left for their homes feeling that Mr. and Mrs. Luck would look back to this gathering with great pleasure.

Mr and Mrs. Luck are the parents of Mrs. Harry Brown, and Mrs. Miles Cox.

FAIL TO REPEAL GOEBEL LAW.

Factions in Kentucky Legislature Unable to Reach an Agreement.

Frankfort, Ky., Oct. 12.—The democratic and republican anti-Goebel factions on the Conference committee appointed by the Kentucky legislature to adjust the disagreement over an election bill to take the place of the Goebel law, failed to agree, and today the leaders on both sides express the opinion that a new law will not be passed.

GEN. BRAGG TO GOLD DEMOCRATS

Reasons Why They Should Not Support Bryanism Plainly Put.

EMPHASIZES 16 TO 1

Repudiation of Bryan is Held To Be Essential to National Honor.

IMPERIALISM IS NOT FEARED

Milwaukee, Wis., Oct. 12.—General Edward S. Bragg addressed an audience which overflowed the Pabst Theater last night. The meeting was held under the auspices of the gold democrats of the city, and the audience was of all shades of politics.

James G. Flanders presided over the meeting and in his opening remarks said that practically all of the gold democrats of this city who four years ago left the democratic party because they could not swallow the doctrines of the Chicago platform, and who at that time supported the Palmer and Buckner ticket, will this year support McKinley and Roosevelt.

He said the committee which had arranged for this meeting only met with one man who was with the gold democrats four years ago who refused to sign the call for the meeting. All of the signers of the call for the meeting and a number of others, together with a large delegation of the members of the old Iron Brigade, were upon the stage.

Protest Against Populism.

Gen. Bragg's speech was a plain, clear and strong appeal to democrats to support McKinley, as a rebuke to the new democracy which had changed in everything except name, and as the only means of avoiding disaster to the nation and to the individual.

"My old brethren," he said, "you who followed Bryan to be regular, do you not, shudder when you reflect that your allegiance to Bryan made you regular populists, but made you irregular democrats, instead of regular democrats."

"Can free silver, 16 to 1 be a dead issue when populists and free silver republicans make it a sine qua non of their support? ... do you believe that Mr. Bryan sent the body of the dead babe to Kansas City to have it embalmed? His pet political bantling, Well, I must confess if you swallow that you are past hope of converting."

Trusts and Imperialism.

And referring to trusts and imperialism. "It won't do, Mr. Croker; it won't do Mr. Hill; it won't do Mr. Crocker. The voters of Wisconsin will not be diverted from the issue that effects them at home. You may shed your tears at will over the probable ruin of the republic resulting from the Philippine purchase, and the woes and sufferings of the treacherous Malay and Tagal. Your champion represents 16 to 1, and all other questions are mere political tangles to divert the unwary and hide the most important question."

Bryan's Appeal to Discontent.

In contrast to the attitude of the democracy, then, he pointed to that for which Mr. Bryan now stands,—the captain of the discontented, restless and improvident. An allusion to Carl Schurz and Bourke Cochran, which led to the mournful commentary "How are the mighty fallen!" led to another laugh; while the assurance that Mr. Bryan, whom he characterized as an idealist and dreamer, had not and never would abandon his 16 to 1 hobby, awakened decided signs of assent.

Mr. Bryan as a prophet was treated to a taste of that sarcasm of which the doughty general's friends know full well. "Has your property fallen in value?" he inquired; and a voice in the balcony answered "Yes."

"Well, probably yours has, my friend," assented the general, with a twinkle in his eye, and no further interruptions were heard.

Defends McKinley's Policy.

There was no imperialism, he said, in the Philippine question; the president's foreign policy was stoutly defended, and the alarmist's cry of militarism was effectively answered. In conclusion the speaker presented the names of McKinley and Roosevelt, as in his judgment, the candidates worthy of the thoughtful voter's support.

Three cheers for Gen. Bragg were given with a will, after the applause had subsided, and the meeting dispersed to the inspiring strains of "The Blue and Gray," played by Bach's band stationed in the balcony.

Miss Nellie Ryan was pleasantly surprised by a number of her friends Wednesday evening in honor of her birthday. A delightful evening was spent, cards forming the principal diversion. An elaborate supper was served at midnight, and was heartily enjoyed.

DEATH OF MRS. A. M. VALENTINE.

Funeral Will Occur From the Residence Tomorrow Afternoon.

Mrs. A. M. Valentine died last evening, her funeral will occur from her late residence, 164 North Jackson street, tomorrow afternoon at three o'clock. Mrs. Valentine has been in failing health for several years, and her death, though sudden, is not unexpected to her family. She lived in Janesville for many years, and in her days of health and strength, was known to a large circle of friends, and much beloved. She leaves a husband, a son, and two daughters. She was a member of the Congregational church, and her burial service will be conducted by her pastor, Reverend Mr. Denison.

Osteopath Case Continued.

Milwaukee, Oct. 12.—The continuance on Wednesday of the case of Dr. S. A. L. Thompson, the osteopath charged with wrongly using the title of doctor, was a source of disappointment to a number of members of the State Board of Medical Examiners, who had come to attend the hearing. The case went over to October 17. A meeting of the board was held yesterday, nothing of importance being transacted however.

BELOIT CONFIDENT; BADGERS ANXIOUS

GREAT FOOTBALL GAME AT MILWAUKEE TOMORROW.

Promises to Draw an Unusually Large Crowd for a Game So Early in the Season—Contest Promises to Be Hard Fought—Thousands of Noisy Rooters to Be Present.

Milwaukee, Oct. 12.—Every indication points to an attendance of fully 4,000 persons at the big football game between the University of Wisconsin and Beloit college eleven at the Milwaukee baseball park tomorrow afternoon. In the morning the delegations from Beloit and Madison will come to Milwaukee on special trains, the number being estimated at 1,000, while from other Wisconsin cities the attendance will be large, if the orders received by Manager Wheeler yesterday are any criterion of the interest taken in football this fall.

Serenades by College Bands.

The morning will be spent by the visitors in marching around the city with the university and college bands and serenading the hotels, football headquarters and the University club. The game will be called at two o'clock in the afternoon. Coach Phil King is expected to arrive from Madison this afternoon, but his team will probably not come until morning. The university boys will make the Republican house their headquarters.

Larson to Be Seen at Half.

Manager Wheeler received a letter from Coach Phil King last night stating that the Wisconsin cripples were slowly rounding into condition, which insures Lerum and Chamberlain playing in the game. Larson will be played at half and Driver at full-back, while Skow will be the center.

A Beloit fraternity man who came to Milwaukee yesterday to secure seats for his party said Beloit people had unbounded confidence in the ability of their eleven to wipe out the sting of preceding defeats at the hands of the Badgers. He stated that in practice the team worked with unaccustomed smoothness. Beloit men, he said, were prepared to take wagers that their team would score and Wisconsin would not cross the Beloit goal more than twice.

POPULAR SOCIAL OF ST. MARY'S CHURCH

The opening social of a series to be given for the benefit of St. Mary's church, was given last evening at Assembly hall.

The opening entertainment was a card party, and was the largest card party ever given in the city. Progressive euchre was played, and everyone worked hard to be numbered among the prize winners. The time passed quickly, and all were surprised when 11 o'clock was announced and the games ceased. The first prizes were won by Miss Alice Clark and James Cunningham, and the consolation prizes were given Miss Alice Kelly and Stephen Welch.

Light refreshments, consisting of coffee and sandwiches, were served.

The next of the series will be given in November and will be a concert. The December entertainment will be a cantata.

The committee of arrangements consisted of Misses Edith Dilzer, Anna Knipp, and Agnes Clark; and Mesdames Josephine Kistler and William Knipp.

Rev. Jenkins Lloyd Jones will give his lecture at the Court Street M. E. church, Wednesday evening, Oct. 17. The lecture is given under the auspices of the Janesville Humane society and is free to all.

H. E. Taylor of Bloomington, Ill., is visiting his brother, M. D. Taylor, of this city.

FASTEST WARSHIP THAT IS FLOATED

The Wisconsin Sets a New Speed Mark in Official Trial Trip

AT HEAD OF ITS CLASS

An Average of 17.25 Knots an Hour the Record Made by Her Yesterday

BEATS TIME OF THE ALABAMA

Santa Barbara, Cal., Oct. 12.—The battle ship Wisconsin broke all records on her trial trip here yesterday and is the fastest ship of her class in the world.

Her official average for the four hours' run is announced as 17.25 knots, or fifteen hundredths better than the record made by the Alabama.

The trial took place over the regular course in Santa Barbara channel and the conditions were only fair. There was a fresh breeze from the eastward, but the sea was comparatively smooth.

Speed of 17.25 Knots.

The actual time in which she covered the sixty-four miles of the trial course was 3:56:56, including the turn for the run back. With the time for the turn deducted and the allowance for the tidal influences, her actual speed was 17.25 knots.

The battle ship Iowa was selected as the stake boat at the starting point and took up her position at 9 o'clock. The Wisconsin steamed past her, turned and then made her way back a distance of about four miles from the Iowa in readiness for the start. The measured course of thirty-two miles was marked by the Iowa, Ranger, Adams and Philadelphia at intervals of eight miles, the Philadelphia making the turning point.

The Race Was On.

At 10 o'clock the Wisconsin was discerned plowing her way toward the starting point, and in a very short time she had reached the Iowa, carrying before her immense bow a wave of snowy water. She blew her whistle at 10:21:19, denoting that the race against time was on. Her twin stacks were already burned black under the intense heat of forced draft.

Shortly after the Wisconsin passed the Iowa the sun came out and the fresh easterly breeze moderated, which favored the stately ship upon her run back. As she passed the mark upon her return she blew her whistle loudly and long and the cheers of her crew and those on board as guests could be plainly heard on board of the Iowa.

After passing the Iowa the Wisconsin made for her anchorage at Santa Barbara. She will probably return to San Francisco tomorrow.

SAW THREE WELL CONTESTED RACES

Lady B Won Three Minute Trot—Violet B Won Free For All and Gen. Howe Won 2:20 Trot.

A small sized crowd gathered at the fair grounds yesterday and witnessed three closely contested races. It is rather late in the season for races in this part of the country to be enjoyable for the spectators, but yesterday afternoon was perfect, and those who attended were well paid for their trouble.

James Scott, acted as starter and Dennis Hayes, E. F. Carpenter and Charles E. Pierce did duty as judges and timers.

The races were best two in three heats. The three minute trot or pace half mile heats, purse \$22. L. C. Brewers Lady B. won in straight heats in 1:22 and 1:27 3/4. Baron Howe, second.

In the free for all pace, purse \$50, Aunt Laura, a chestnut mare belonging to John Fisher, took the first heat in 2:23 3/4. Violet L., belonging to Mr. Cobb of Edgerton, taking the next two and the race in 2:30 and 2:23.

In the 2:20 trot or pace, purse \$50, Sam Locke's chestnut gelding, Wellington took the first heat in 2:30 3/4 and General Howe, a promising bay gelding belonging to James S. Field and driven by H. D. McKinney took the next 2:29 3/4. After the finish of the second heat Wellington was drawn and the race went to General Howe.

This will be the last matinee of this season. The management hope to hold some races this year on a more extensive scale.

J. F. Hutchinson and Charles W. Schwartz were elected to high offices at the grand encampment of I. O. O. F. held at Chippewa Falls. The next grand encampment will be held at Viroqua. The Janesville delegation returned home yesterday morning delighted with their entertainment at Chippewa Falls.

NORMAL'S DEFEAT COLLEGE PLAYERS

SHARP FOOTBALL BETWEEN MILTON AND WHITEWATER.

Methodist Appointments That Interest Milton and Vicinity—Lightning Sets Fire to a Residence—Social and Personal News and Notes from Milton.

THE GAZETTE AGENCY
W. W. CLARK, Manager,
Milton, Wis., Oct. 12, 1900.

The college boys played their first game of football Wednesday having for their antagonists the second eleven from the Whitewater Normal school. The latter have a good team to practice with and coaches who know the game and its fine points, while Milton has neither, but despite that fact they outplayed Whitewater in advancing the ball, and lost the game chiefly on gambles, although their defense was weak at times. The Normals put a more scientific game and were quick to take advantage of Milton's errors. Score 15 to 0. The college eleven have no reason to feel bad over the result and are to be congratulated in putting up as good a game as they did. There was no slugging indulged in and the Whitewater boys acted like gentlemen.

Rev. T. W. North, formerly pastor at Merrill, has been assigned to the M. E. church in this village and his new parishoners seemed pleased with the assignment. The other Methodist clergymen in whose movements our citizens are interested, are located as follows: Rev. Perry Miller at Milwaukee; Rev. Webster Miller at Evansville; Rev. Frank Miller at Yorkville, Racine Co.; Rev. P. C. Richardson at Darford; Rev. I. S. Eldred on the Oconomowoc circuit and Rev. M. C. Hickman at Milwaukee.

Rev. F. C. Richardson was appointed on standing committee on "Epworth League." Rev. C. E. Carpenter on "Admission on Trial." Rev. Frank Miller on "Benevolence." Rev. Webster Miller on "Common Education."

T. H. Edden of Janesville, was in town Wednesday.

Mrs. Clem. W. Crumb visited Evansville friends Thursday.

G. S. Burdick, who has been confined to his house by illness is able to be out.

During the severe electrical storm Saturday the lightning entered the residence of H. C. Curtis, via the telephone line, and set fire to the lace curtains near and burning the window casing. With great presence of mind, Mrs. Curtis seized a piece of carpet and smothered the flames. It is thought she received a slight shock, as she has been quite prostrated since—Waupun Times.

Mrs. D. Williams visited Milwaukee friends this week.

President Whitford spent Tuesday in the State Historical library at Madison. O. E. Orcutt has been at Union Grove this week for several days, being called there by the dangerous illness of his brother.

TO DRESS POULTRY FOR THE MARKET

KILL BY BLEEDING IN THE MOUTH OR NECK.

Scalded Chickens Sell Best to Home

Trade, and the Dry Picked Best to

Shippers—Always Dry Pick

Turkeys—Ducks and Geese Should

Be Scalded.

In the first place poultry should be

well fed and well watered, and then

kept from 18 to 24 hours without food

before killing. Stock dresses out

brighter when well watered and adds

to the appearance. Full crops in-

jure the appearance and are liable to

sour, and when this does occur, cor-

respondingly lower prices must be

accepted than paid for choice stock.

Never kill poultry by wringing the

neck.

To dress chickens—Kill by bleed-

ing in the mouth or opening the veins

of the neck; hang by the feet until

properly bled. Leave head and feet

on and do not remove intestines or

crop. Scalded chickens sell best to

home trade, and dry picked best to

shippers, so that either manner of

dressing will do if properly executed.

For scalding chickens the water

should be as near the boiling point as

possible without boiling; pick the legs

dry before scalding; hold by the head

and legs and immerse and lift up and

down three times; if the head is im-

mersed it turns the color of the comb

and gives the eyes a shrunken appear-

ance, which leads buyers to think the

fowl has been sick; the feathers and

pin feathers should then be removed

immediately very cleanly, and without

breaking the skin; then "plump" by

Some parties advise, after scalding, to wrap them in a blanket for the purpose of steaming, but they must not be left in this condition long enough to cook the flesh. Do not undertake to dry pick ducks and geese just before killing for the purpose of saving the feathers, as it causes the skin to become very much inflamed, and is a great injury to the sale. Do not pick the feathers off the head; leave the feather on for two or three inches on the neck. Do not singe the bodies for the purpose of removing any down or hair, as the heat from the flame will give them an oily an unsightly appearance. After they are picked they should be held in boiling water for the space of about ten seconds for the purpose of plumping, and then rinsed off in clean cold water. Fat heavy stock is always preferred.

Before packing and shipping poultry should be thoroughly dry and cold, but not frozen; the animal heat should be entirely out of the body; pack in boxes or barrels; boxes holding 100 to 200 pounds are preferable, and pack snugly; straighten out the body and legs, so that they will not arrive very much bent and twisted out of shape; fill the packages as full as possible to prevent moving about on the way; barrels answer better for chickens and ducks than for turkeys and geese; when convenient avoid putting more than one kind in a package, mark kind and weight of each description on the package and mark shipping directions plainly on the cover.

To dress capons—First be sure and not kill them until crops are empty, and that they are fat. A thin capon is not as good as an ordinary chicken, because if not large or a proper capon they are not wanted as capons or chickens either. Leave feathers on neck from head down two-thirds way to the shoulders. Leave feathers on two first joints of wings. Leave feathers on tail and half way up the back. Leave feathers on legs from knee joint two-thirds up the hips. All the rest of the feathers come off. Feathers that are removed should be saved and will sell if kept dry and clean. Be careful and keep the capon clean. Wrap paper around head. Appearances add to the sale and of course price.

REV. DR. T. D. PEAKE RESIGNS AS PASTOR

Dr. T. Dewitt Peake, formerly pastor of Court Street M. N. church of this city, has sent in his resignation as pastor of the First Methodist church of Beloit, where he has been stationed for the last four years. This is a surprise, as the conference reappointed him. Dr. Peake is quite famous as a public speaker and lecturer. It is said that some opposition to his pastorate has developed, and he concluded not to cause contention. His resignation was accepted last night.

Auction Sale
Of the property known as the Murphy homestead on Hickory street in the Second ward, consisting of a two story, eight-room house and sixteen lots of ground fronting Hickory and Williams streets. The property will be sold to the highest bidder next Saturday afternoon at 2 o'clock on the premises. D. W. Watt, Agent.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., stuck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by Smith's pharmacy, opposite P. O., Kodak agents.

Train Robber Confesses.
Tucson, Ariz., Oct. 12.—George Owintz, a member of a band that held up the train at Fairbanks four months ago, confessed in court yesterday and told the full story of the robbery. He said that it was planned and carried out under the direction of Burt Alvord, who was then constable of Willcox. Six members of the band who are in jail here, it is expected, will be convicted upon Owintz' testimony.

BUYERS HOT AFTER NEW TOBACCO CROP

FULLY TWO-THIRDS OF SOUND
LEAF HAS BEEN SOLD.

Under the Stress of Competition Prices Are Firm, with Slight Tendency to Advance—New Free Rural Mail Route North from Edgerton to Albion Prairie and Amos.

Edgerton, Wis., Oct. 12.—The movement of lifting the new crop has been forging ahead under high pressure during the week past. Nearly every growing locality has been thoroughly canvassed by the 75 or 100 buyers who are riding the country carrying instructions to close contracts when tobacco can be bought at anything like the going prices. There are some indications, however, that the rush is about over for the present and a good many firms are retiring from the field since the dry weather has prevented a close inspection of the sheds. Others too find they have about all the tobacco contracted for that they can conveniently handle. More tobacco was probably bought the last ten days than was ever before contracted for in the same time, some dealers contend that fully two-thirds of the sound leaf has already been sold. Under the stress of the sharp competition prices are firm with a slight tendency to a raise above the earlier figures. The sales given below show the trend of prices, but are only a small fraction of the transactions made.

Scattering lots of old leaf are gathered in whenever their location is disclosed. A. Orvold sold 53cs of '99 at 84c and Ole Torrison 61cs at 9c and S. M. Halverson 28cs of '98 at 12c. An order received by a local representative to prepare a 100 car loads for shipment indicates a very large transaction in '99 has been made through the home office of the Bamberger firm at Philadelphia.

The shipments out of storage reach 15 car loads, 725cs, from this station to all points for the week. Since the last report 825cs of cigar leaf was exported from New York.—Wisconsin Tobacco Reporter.

Congressman H. B. Dahle and Senator Welton, of Madison, who is now special agent for the free delivery mail service, was in town Thursday and drove out over a proposed rural free delivery route running north of Edgerton out over Albion Prairie to Amos and return by way of Newville.

A strong petition favoring such a route was made to Congressman Dahle some time ago and he decided to make a special investigation of the line and personally talk with the farmers asking for the service. Mr. Dahle is convinced that the route ought to be recommended and it is probable that an order establishing the same will be issued by the postoffice department.

Mrs. Joseph Keller died at her home in this city Monday evening, aged 69 years. Funeral services were held from the home Wednesday afternoon at 2 o'clock conducted by Rev. E. J. Symons.

Martin Hollo, who removed from Albion to Oregon in the spring, writes that he is satisfied with the country and climate and has purchased two farms near Springfield, that state. His crop of 1,400 bushels of prunes and three car loads of apples have just been marketed.

Arthur Maves and Bertha Starks were married at St. John's Lutheran church Saturday evening at 8 o'clock. Rev. J. C. Spillman officiating.

Game Warden Fisher of Brodhead has been watching the work of hunters about Lake Koshkonong a few days this week to determine any infractions of the game laws. But very few canvass back ducks have yet come into the lake and shooting mud hens is becoming rather monotonous sport.

BRITISH FORCE AMBUSHED.

Boers Slay a Captain and Private. Wounded Six and Capture Eleven.

London, Oct. 12.—The following dispatch has been received from Lord Roberts:

"Pretoria, Oct. 10.—An engine, with a truck, conveying a party of engineers belonging to Paget's rifle brigade, while proceeding yesterday to Kaapmuiden, was ambushed by Boers. Capt. Stewart, with forty men of the rifle brigade, went to their support. The casualties, unfortunately, were heavy. Stewart and one private were killed; Capt. Paget, Lieut. Stubbs and five engineers were wounded and Lieut. Sewell and ten of the rifle brigade were made prisoners. DeLisle's mounted men and colonials, after three days' fighting, have driven Dewet north of the Vaal, near Venterskroon. Dewet has been assuring the burghers that Europe would stop the war Oct. 10. The Boers were thus buoyed up by the hope that something would intervene to end the war in their favor. I trust they now realize how futile were their expectations."

ADMITS HE CONTROLS PORK.

Lipton, However, Denies Intention of Making Price Excessive.

London, Oct. 12.—Sir Thomas Lipton was questioned today regarding the pork corner and said:

"It is a fact that I control today practically all the pork in the United States. I have no intention of raising the price an exorbitant degree. I am perfectly satisfied to make a fair profit out of the deal, and I shall do all possible to avoid causing serious trouble to those who sold short. In fact, I let go the other day in order to avert a few threatened failures."

Try to Worry Bryan.

Saginaw, Mich., Oct. 12.—Three university students were taken into custody by the Ann Arbor police for disturbing William J. Bryan while he was attempting to speak from the courthouse steps of that city. The action of the police was deplored by Mr. Bryan, who requested the chief of police to release the prisoners, accompanying the request with the statement that he believed no malice was intended. Before Mr. Bryan sat down to breakfast yesterday he made three speeches, the record for early morning oratory in the Democratic campaign. The train left Grand Rapids at 8:30, and speeches were made at Hastings, Nashville, Charlotte, Battle Creek, Marshall, Albion, Jackson, Ann Arbor, Howell, Lansing, Owosso, Chesaning, St. Charles, Bay City and Saginaw.

Two Rockefeller at Outs.

Cleveland, Ohio, Oct. 12.—The quarrel between John D. Rockefeller and his brother Frank grows more bitter as time passes. That the breach between the brothers is past healing was made plain by a sensational event which took place at Lakeview cemetery last Monday, but was not known until today. On that day the bodies of two children of Mr. and Mrs. Frank Rockefeller were removed from the family lot, which is owned in common by the brothers, and placed in a new lot, which Frank Rockefeller recently bought.

Hynes Is Supreme President.

Buffalo, N. Y., Oct. 12.—John J. Hynes of Buffalo, grand chancellor of New York, today was elected supreme president of the Catholic Benevolent association to succeed Michael Brennan of Detroit. The other supreme officers were re-elected. J. H. Breen of Detroit was elected to the board of trustees and M. J. McMahon of Pittsburgh was elected to the vacancy on the law committee caused by the elevation of Mr. Hynes. Pittsburgh was selected as the next place of meeting.

Rheumatism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and healthy sustaining food they require. The whole system feels the effect of this acid poison, and not until the blood has been purified and brought back to a healthy condition will the aches and pains cease.

Mrs. James Kell, of 707 Ninth street, N. E., Washington, D. C., writes as follows: "A few months ago I had an attack of Sciatic Rheumatism in its worst form. The pain was so intense that I became completely prostrated. The attack was an unusually severe one, and my condition was regarded as being very dangerous. I was attended by one of the most able doctors in Washington, who is also a member of the faculty of a leading medical college here. He told me to continue his prescriptions and I would get well. After having it filled twelve times without receiving the slightest benefit, I decided to try the treatment recommended for Rheumatism, I decided, almost in despair however, to give the medicine a trial, and after I had taken a few bottles I was able to hobble around on crutches, and very soon thereafter had no use for them at all. S. S. S. having cured me sound and well. All the distressing pains have left me, my appetite has returned, and I am happy to be again restored to perfect health."

the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or minerals in it to disturb the digestion and lead to ruinous habits.

We have prepared a special book on this painful disease should read. It is the most complete and interesting book of the kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

kong, Oct. 12).—The administration of Manila's civil courts by Filipino magistrates, which has long been scandalous, is now attracting public attention more than ever, and has been brought to the attention of the Taft commission with requests for rectification. The courts are composed of four justices of the peace and four primary courts. The magistrates are all Filipinos, and developments have proved that the incumbents are utter failures as administrators of justice.

Dock Laborer Gets \$40,000.

Duluth, Minn., Oct. 12.—E. L. Williams, a dock laborer of this city, is on his way to his old home in Cornwall, England, to claim a fortune of \$40,000 left him by a wealthy uncle. He was sitting on the dock waiting for a boat to come up and give him a job rolling flour barrels when he got the letter notifying him that his uncle had been killed in the Boer war and that his will left him \$40,000. He is 21 years old and had run away from home, he says.

"Squeeze" in Flaxseed.

Chicago, Oct. 12.—Shorts in October flaxseed have been on the rack and were quite as badly punished as those who were made to suffer from Sir Thomas Lipton's deal in October pork a few days ago. Opeling wild at 10 cents advance, the price of October flaxseed was soon in the neighborhood of \$1.79, or 14 cents higher than close of the previous day.

Kaiser Lays a Corner Stone.

Berlin, Oct. 12.—The kaiser took part in the celebration attendant on the laying of the foundation stone of the museum of Germano-Roman antiquities, on the site of the old Roman camp near Hamburg. He made feeling reference to his father, the former Emperor Frederick.

READ CHINA'S FUTURE.

Dr. Smith, at St. Louis Meeting, Predicts Great Progress.

St. Louis, Oct. 12.—The attendance at the ninety-first annual meeting of the American board of commissioners for foreign missions, which is holding a three-days' session in Pilgrim Congregational church, is large. Great interest is being shown in the board's work in China, and when the discussion of that subject began the church was crowded. The Rev. Judson Smith, D. D., foreign secretary of the American board, read an interesting and somewhat lengthy paper on "China: The Situation and Outlook."

Dr. Smith said in part: "The questions at issue bear not on China's millions alone, but also on the fortunes of the whole world. The old-time conflict of heathenism and Christianity is here renewed; conservatism and reverence for the past struggle against progress and the forces that animate and unite the western nations. A world crisis has been reached, the destinies of all the nations are involved, and China is the theater on which the great drama is enacting. England, Russia, Germany, the United States, are safeguarding their own future, while they take in hand the Celestial empire. The doom of the dynasty and of the anti-foreign policy it embodies is pronounced. No diplomacy, no force of arms can save them; the powers, even if they should wish to prolong their life, will fight against an irresistible fate. The future, on whose borders we stand and whose features we are helping to shape, will reveal a new China, facing progress and learning and western arts and the Christian faith; and that will be a new world, with a glorious destiny before it."

OFFICERS ARE ELECTED.

Doings of Catholic Young Men's Institute in Denver.

Denver, Oct. 12.—The national conference of the Catholic Young men's Institute, in session here, elected these officers: Supreme president, F. J. Kierce of San Francisco; supreme chaplain, Archbishop Keane, Dubuque, Iowa; first supreme vice president, P. J. Collins, Carbondale, Pa.; second supreme vice president, J. F. Ankembauer, Cincinnati; supreme secretary, J. M. O'Brien, Roanoke, Va.; supreme treasurer, T. J. Cullinan, Pittsburg, Pa. A. T. St. Sure of Alameda, Cal., was chosen delegate to the meeting of the federal convention of Catholic societies in New York Thanksgiving day. The national meetings have been annual heretofore, but the constitution of the institute was amended so that hereafter the meetings will be biennial.

Rivers Are Rising.

New London, Wis., Oct. 12.—Now that the raging waters of the Wisconsin river are beginning to recede, the trouble is starting in this section of the state by the rising of the Wolf and Embarras rivers. The water is now the highest it has been in twenty years and is still going higher. All the lands, as far as one can see, east, west and north, are covered with water. If the water rises about three feet more, which appears likely, the principal business portion of this city will be submerged by about one foot of water. Many potato crops are under water.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy for having put on the market such a wonderful medicine," says W. W. Messingill, of Beaumont, Texas. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. Lady Francis Hope Is Sued.

New York, Oct. 12.—A. H. Chamberlain, theatrical manager, has brought suit in the supreme court against Lady Francis Hope, formerly May Yohe, to recover \$50,000 damages for breach of contract. He had a contract by which she was to perform this season, but she threw it up on Sept. 8 and returned to Europe.

He says that owing to her "superlative personal attractions of face and figure, widespread reputation and histrionic ability" she would have drawn well and netted him \$50,000.

Holds Court in Automobile.

Cincinnati, Ohio, Oct. 12.—Judge John I. Hunt held court in an automobile in Newport, Ky., yesterday. S. C. Miller of Newport was taking a ride in his \$2,600 self-propelling car, when he saw Judge Hunt and invited him to ride. Attorney E. H. Kipatrick stopped the auto and put before the judge a petition to continue the divorce case of Amelia Fourzilles against Frank Fourzilles until October 17.

Judge Hunt, using his knee for a desk, wrote an order to that effect.

Above cut illustrates the arrangement of Bottom Flues in nearly all base burners, showing the Heat is not Equally Distributed.

THE NEW WAY.

In above Flue Construction there are NINE Surfaces Radiating Heat, increasing the Heating Capacity with the same amount of fuel.

The above Bottom Flue Construction causes the Heat to go to the Outer Surfaces, Largely increasing the Heating Capacity and Economizing in Fuel.

The "Favorite" Base Burner has More Heating Capacity and is the Most Economical Stove ever made. Why? Because it has about 1/2 more Radiating Surface as compared with same sized of other base burners, and is Mounted and Fitted Perfectly.

MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 16, 1896.

POLITICAL RESPONSIBILITY.

The American citizen as a rule is not afraid to assume responsibilities. The young man who starts out in life for himself in this free land so full of opportunities and possibilities, is filled with courage and a desire to work out for himself a destiny. He seeks positions of trust and responsibility because of the mental and moral equipment that he has acquired. The confidence and self reliance so necessary to success, he enjoys in a large degree, and the thought of failure does not annoy him. The man in business who succeeds, is ever ready to assume the cares and responsibilities that come to him. This is equally true of the clergyman, the lawyer, the educator, or the man and women in any or every calling in life.

There is but one exception to this general rule, and that exception is in the field called politics, which is simply another name for the initial work of government, whether city, county, state or national. If corruption develops in any department of either, it is always charged to politics, an intangible thing that is not amenable to law, and yet a dumping ground for all sorts of censure and criticism. An ordinance is passed, a franchise granted, a bond issue ordered, a constitution framed or amended, and these acts become laws by a majority vote in legislative bodies, where party lines are usually closely drawn, thus throwing the responsibility upon the dominant party. If the measure is unpopular or harmful, then we, the people, shirk all responsibility and rise up in righteous indignation and denounce politics and "the machine," as the most

corrupt institution that ever gained a foothold on American soil.

What is politics anyway, and what is responsible for this thing that so many people seem to regard as an Octopus upon the life of a nation. Politics is the corner stone to the republican form of government, as necessary to its life and perpetuity as the church or school and as beneficent, when properly directed as the sunshine and the rain. Every intelligent citizen of the United States owes it to himself and to the land that honors him with citizenship, to be a politician. It is not necessary for him to become a ward heeler or office seeker, but the nation has a claim on his intelligence, and enough of his time to discharge the responsible duties of initial government. The primary election law, advocated by Mr. La Follette and being discussed so thoroughly in the state campaign, is the result of political indifference and the total loss of responsibility on the part of so many citizens of the state. A great many men are too pure to attend a caucus. They seem to fear contamination. Ignoring the fact that a large majority of men in this world are honest, and that an honest administration of a caucus is no more difficult than the honest administration of a church. This nonsensical notion of political impurity led to the organization of the independent or "mugwump" movement a few years ago, and is behind the civic federation today. Aggregations too pure to associate with the common herd, and willing to sacrifice vote and influence for the sake of a hobby.

It must be apparent to intelligent men that this country, in national, state or municipal government, will continue to be ruled by one or the other of the two great parties. Bryanism, populism, socialism, prohibition, civic federation or reformed parties of whatever name will not dominate.

If a man is a democrat, he ought to be able to give a reason for the faith that is in him and stay by it. His party may be a little demoralized just at present, but it will recover. The young man Bryan will return to Nebraska after election and his party will naturally drift back to the fold.

If a man is a republican, he knows why, and he also knows that he has no right to shirk responsibility in these times when the success of the party means so much to the prosperity of the country. "Consistency is a jewel," and political responsibility can not be consistently ignored by any good republicans.

Flour Mill Trust's New Name.

New York, Oct. 12.—Announcement is made that the Standard Flour Milling company is now in process of organization as the successor of the United States Flour Milling company, which was recently in the hands of a reorganization committee. By the plans of this committee the main or parent company will depend for its income entirely on rentals received for its properties. The mills at Buffalo and Milwaukee are reported to have been leased to their original owners, and this plan, it is said, will be adopted with the mills at Syracuse, Superior, Duluth and other places.

Foul Play Is Suspected.

Kenosha, Wis., Oct. 12.—Gus Schilling, an employee of the Allen tannery, disappeared from this city Tuesday. He leaves in destitute circumstances a wife and small children. Schilling drew \$750 from the First National Bank to pay off a mortgage. He was seen afterward, but there is no trace of him after dusk last night. The authorities are of the opinion that Schilling went to one of the large cities, either Milwaukee or Chicago, and met with foul play.

Insane Battle Monuments.

It is said that... Flannel Waists

Will be very popular. Everybody in waistdom says it. If everybody is right, we'll do an enormous business in Flannel Waists this fall, for we've gathered lavishly. What is more adapted as a waist fabric than flannel? What is more serviceable? What more stylish? The tail- or made styles in this collection of ours are nobbily "mannish."

Plain French flannel Waists, hemstitched, all colors, all sizes, \$3.50. Fancy French flannel Waists, contrasting embroidery, \$5.50. Flannel Waists for ordinary wear, two special values in black, blue and cardinal, \$2.50.

Silk Waists

Were never prettier. The styles we are showing for early fall wear are artistic in design, and represent the best efforts of a leading manufacturer. No dressmaker could put such style and finish into them at anywhere near the price we ask. There's a line at five dollars which would interest you, and you are invited to see them.

New Silk Petticoats...

The story this evening is of a lot of a hundred strikingly handsome silk petticoats which we snapped up at a third less than regular prices. The maker loses—you gain. They are all high grade skirts of thoroughly reliable silks and are special values at \$6, \$7.50, \$10, \$12 and \$13.50; positive values 1-3 to 1-2 more.

A. N. GLEASON IS MADE PRESIDENT

SOUND MONEY LEAGUE CLUB
ORGANIZED LAST NIGHT.

Railway and Telegraph Employees Met at Columbia Hall—Stirring Addresses Made by A. E. Matheson, E. G. Harlow and Others—The Officers Elected.

A small sized audience gathered in Columbia Hall last night in response to a call to organize a league of telegraph and railway employees. The meeting was called for 7:30 o'clock, but after waiting until eight o'clock E. G. Harlow, announced that there seemed to be only a few railroad men in the room, but they were going on just the same.

Mr. Harlow said he was much surprised when he saw by the papers that he was to preside at his meeting as that was the first intimation he had of the fact. He had prepared some notes on the political issues of the day which he read to the audience. He eulogized capital and closed by asking those present to think the questions over and to vote for sound money and protection.

Mr. Harlow introduced Mr. A. W. Connors who stated briefly that he was here for the purpose of organizing a sound money league among the railroad employees.

A. N. Gleason for President. He asked that some railroad man be named for president and A. N. Gleason, general agent for the C. & N. W. R. R. in this city was named and elected. Walter Johnson, agent for the C. M. & St. P. R. R., was elected vice president and Fred H. Palmer, clerk in the N. W. shops, was elected secretary.

Mr. Connors stated that no one but railroad or telegraph employees could join the league. Copies of the constitution were then distributed to those present.

A. E. Matheson Talks.

The principal speaker of the evening was A. E. Matheson. In opening his speech he stated that many important questions entered into this campaign, but the one that seemed to him to be the most important was the currency question. Many people said the currency question was settled. He did not look at it in that light and showed how the president could put the country on a silver basis, practically, without regard to congress, by ordering the interest on the coin bonds paid in silver.

He said expansion and imperialism were great questions and were attracting the attention of great men, but he could not get the importance of the currency question out of his mind. To him it was the most important question of the lot, and he asked the voters not to let the currency question out of their minds.

Speech of E. G. Harlow.

E. G. Harlow in his address said in part:

While sitting in my quiet home last evening the ever welcome visitor, the Janesville Gazette, came. First scanning hurriedly the telegraphic headings, then the locals, I soon noticed my name with the title of Colonel prefixed. The writer of that article is probably aware of my vanity. He is the person or persons, who were in the scheme, for the high honor conferred upon me by their selection of myself to preside at this meeting.

I am not here to represent the Chicago and Northwestern Railway or any other organization; but am proud to say that I have been in the employ of the Northwestern for thirty-six consecutive years, and I hope that I may be permitted to remain in the service of that great corporation to the end of my years of usefulness on earth.

The Chicago and Northwestern Line has no peer on earth, unless it be the Chicago, Milwaukee and St. Paul Railway, whose representatives will address you this evening. The officials of these great corporations are gentlemen of the highest mark. They are sound men and are sound in their management of railway concerns, the requirements of which are more and more exacting and necessitate more ability than that of the highest offices in the gift of the people of this great nation.

The gold standard is sound money, money good all over the world, and always will be the foundation of sound finances. Do not forget this my hearers; make no mistakes when you vote on the 6th of November.

It is said that the question of free silver does not enter into the political arena at the coming election. But, be not deceived. See Mr. Bryan's speech of September 16th, 1896.

Imperialism? Bosh! Nonsense. Its shadow cannot touch a spot on this great republic. Expansion? Yes. Let us expand, it is evidence of health. Does not nature need to expand? Personally, I am pretty thin in regard to wealth and personal build, and would like very much to expand.

ONE SCHOOL IN THE TOWN OF CENTER

STATE SUPT. HARVEY HERE TO
SEE ABOUT IT.

Children Will Be Brought from All Parts of the Town to a Centrally Located School House and Taken Home Again—New Law Will Be Tried.

L. D. Harvey of Madison, Wis., State Superintendent of Schools, arrived in the city this noon and in company with County Superintendent of Schools Wm. M. Ross drove out to the town of Center to look over the ground and examine into the feasibility of uniting all the district schools in the township and having one centrally located school.

The town of Center now has seven or eight schools and by the plan proposed by Superintendent Harvey the expense of taking care of seven or eight buildings would be done away with and the number of teachers required reduced to four.

This plan has been tried in more than sixty different towns in the northern part of the state and is a great success.

The 400 or more scholars residing in the town will have the advantage of higher education. By this plan a larger number of scholars are centralized and can be given the benefit of higher instruction which cannot be given in the small district schools.

In connection with this plan for centralizing the schools is one for running public conveyances to pick up the scholars every morning and convey them to the school. They figure that what they save in the hire of teachers will more than pay for the public transportation. This proposition will be submitted to the voters of the town at the coming election and if the majority favor the change it will be carried out at once.

Supt. Harvey has had considerable experience in changes of this kind and in every place where it has been tried it is a complete success.

Supt. Ross has been working on this project for years and he has no doubt that the town of Center will fall into line. He thinks if Center takes favorable action Magnolia will be the next in the field.

CHICAGO MURDER MYSTERY

Startling Developments Promised
by Police.

BROWN WANTED INSURANCE.

Letter to the Canadian Foresters' Order
on Behalf of Smiley—Police Hunt for
Clues—Dr. Unger's Office to Be Searched
for Marie Defenbach's Trunk.

Chicago, Oct. 12.—Evidence is now in the possession of the supreme officers of the Canadian Order of Foresters which they think establishes the connection of Francis Wayland Brown with the conspiracy to defraud that organization out of insurance money. This evidence is in the form of a letter.

The epistle, which was written and signed "F. Wayland Brown," was dated Aug. 27, the day on which the body of Marie Defenbach was cremated at Graceland cemetery. The communication was on Moorey & Boland's stationery. It was directed to Mrs. George Gahagen, recording secretary of Virginia lodge, which meets regularly in the Masonic Temple. Brown is alleged to have represented himself as a friend of Frank H. Smiley, the beneficiary of the policy, and asked what steps should be taken by him in order to get the money for Smiley.

Brown Says It's Good Evidence.
When F. Wayland Brown was told about the letter in his cell this morning he did not deny the existence of the epistle.

"The officers of the Canadian Order of Foresters say that they have a damaging letter written by you. Is that so?" he was asked.

"With reference to what?" asked the prisoner.

"A letter asking Mrs. Gahagen what steps you should pursue in getting the insurance money due to Smiley."

"They've got that letter now, haven't they?"

"Yes, and it's going to be introduced as evidence against you."

"Well, that will make pretty good evidence for them," was Brown's laconic reply.

Brown denied positively that he made any confession to Supt. Boland of the detective agency, when the latter was examining his papers. He said he talked to him about the trip prior to his arrest and told the detective that he had no intention of running away or he would have gone while down east. He claimed he was in daily telegraphic communication with the Chicago headquarters and that Mr. Boland knew his whereabouts continually.

Trunk Figures in Case.

Detectives are preparing to make a thorough search of the office of Dr. August M. Unger, 2065 West Van Buren street. Here, it is expected, something will be learned about the mysterious trunk which Marie Defenbach took to 310 La Salle avenue.

What connection the trunk had with the conspiracy case in which Brown Unger and Smiley are held responsible for attempted swindles leading up to the death of Miss Defenbach, the police have not been able to determine.

It was first noticed by Mrs. Malachi Monahan, in whose house Miss Defenbach lived. The trunk was old and battered. The day after Miss Defenbach went to live at Mrs. Monahan's she called an expressman and directed him to take it away.

"What are you going to do with that?" asked Mrs. Monahan.

"Oh," replied Miss Defenbach, "I am just going to have it repaired."

"I didn't think it was worth repairing," was Mrs. Monahan's comment.

The trunk never came back to Miss Defenbach.

Miss Johnston Located.

Ethel Johnston, a stenographer and former acquaintance of F. Wayland Brown, was reported missing from her parents' house, 1662 Barry avenue, but has been located by the police. She is living in Logansport, Ind., and since her departure from Chicago has married Fred Rollinger.

When shown statements published in two of last night's papers to the effect that Miss Johnston was "victim No. 2" of the insurance plot Mrs. Johnson was greatly concerned. She soon learned, however, that it was only one of several exaggerated statements made since the arrest of Brown, Unger and Smiley.

Work on New Warships.

Washington, Oct. 12.—Admiral Hitchborn, chief of the bureau of construction and repair, has made public a statement showing the progress of the work on vessels now under construction for the navy. Of the big battle ships, the Maine and the Ohio stand respectively at 86 and 30 per cent of completion. The Missouri, at Newport News, stands 15 per cent and the Illinois, also building at Newport News, is set down at 85 per cent.

Indiana Hears Gov. Roosevelt.

Indianapolis, Ind., Oct. 12.—Governor Roosevelt spoke in the glass manufacturing district, the towns visited being Marion, Fairmount, Alexandria, Anderson, Muncie, Winchester, and Richmond, ending the day at Indianapolis, where he spoke at 5 o'clock.

Connecticut Has 908,355.

Washington, Oct. 12.—The population of the state of Connecticut, as officially announced by the census bureau today, is 908,355. In 1890 the population was 746,258. The census for this year shows an increase of 162,097, or 21.7 per cent.

Gentlemen:—Our family realize so much from the use of GRAIN-O that I feel I must say a word to induce others to use it. If people are interested in their own and the welfare of their children they will use no other beverage. I have used them all, but GRAIN-O I have found superior to any, for the reason that it is solid grain.

Yours for health, C. F. Myers.
